Project Title	Student Adaptability Level of Online Education
Maximum Marks	2 Marks

Student Adaptability Report Template

The Student Adaptability Report Template will summarize issues related to student adaptability in online education, including severity levels and resolution plans. This will aid in systematically identifying and addressing challenges faced by students

Data Source	Data Quality Issue	Severity	Resolution Plan
Survey Data	Difficulty in accessing online platforms	High	Implement user-friendly interfaces and provide training sessions
Usage Logs	Low engagement in online courses	Moderate	Develop interactive content and regular engagement activities.
Feedback Forms	Technical issues during live sessions	High	Enhance technical support and infrastructure.

Interview Data	Lack of motivation and self-discipline	Moderate	Incorporate motivational modules and time management workshops.
Performance Data	Decline in academic performance in online settings	High	Personalized tutoring and additional support resources.
